MEMORANDUM FOR: MR. DULLES

I called George Stafford in Senator Carlson's office and he advised me that the letter which we saw was a carbon of an original to Senator Olin Johnston signed by the President. He said that some of the White House boys were in his office when I called and that if I wanted to call him back after lunch he would try to fill me in on any new information. This, I will do. I have not heard from Senator Johnston's office.

Would like to remind you that you are to call Senator Carlson, as well as Jack Martin and Bryce Harlow of the White House Staff, with regard to the Executive Pay Act. (See Tab A)

I will deliver copies of your letter to Senator Chavez to the Administrative Assistants to Senators Knowland, Ellender, and Dworshak. I will not attempt to see the Senators. I also expect to call at Senator Lister Hill's office and see him, if convenient, but will not insist upon doing so.

The attached editorial in today's DAILY NEWS (Tab B) is undoubtedly the work of your friend, Tony Lewis.

I have talked again with the Fairfax County people and they are very active.

L. K. White
